The Arizona WIC Program will begin to issue the new ID folders in March 2008. This will occur as a phase-in process, which means that you will be seeing both the old and the new ID folders.

Remember: When redeeming WIC food instruments, cashiers are required to verify that one of the signatures on the ID folder matches the signature on the food instrument. Cashiers **do not** need to verify the participant's name or identification number.

Regarding special infant formula, you may see a slight increase in food instruments that contain concentrate infant formula.
